 (1-4) 1700 - DAIRY BLENDERS LIMITED, HAMILTON, NEW ZEALAND

The conditions, as stated below, apply to the goods described herein at the time of export from New Zealand.

The undersigned dairy official of the New Zealand Government hereby certifies that:

1. The New Zealand component of the dairy product described herein:
 - a. is of New Zealand origin, and is manufactured in accordance with the requirements of New Zealand Government Regulations.
 - b. has been heat treated (pasteurised), during processing, to 72°C for 15 seconds or equivalent.
 - c. is free from contaminating chemical residue resulting from the environment or from veterinary treatment, to a level harmful to human or animal health.
 - d. has been examined and subjected to laboratory analysis. The analytical result of the samples taken show the product to be fit for human consumption.
 - e. is manufactured for export in premises authorised by the New Zealand Food Safety Authority to manufacture dairy products for export markets and for free sale within New Zealand.
2. The consignment includes products manufactured from milk of New Zealand origin, all or some of which include imported milk product components from:GERMANY, UNITED STATES.
