23 September 2008

TO WHOM IT MAY CONCERN:

This letter is to certify that the Nural range of milk powders, of which the Nugrow 123 and 456 Growing Up Milk powders, are part of that range, are 100% manufactured in New Zealand, from raw milk sourced within New Zealand.

The products are produced by an independent dairy manufacturer, New Zealand Dairies Ltd, of which Nutritek Overseas Pte Ltd has a majority shareholding.

The minor ingredients are added by dry blending in New Zealand and the final blended product is transported to Malaysia in 25kg bags, where it is packed under contract by IDS Manufacturing Sdn. Bhd into consumer packs.

The New Zealand Food Safety Authority (NZFSA) as part of its Food Safety Monitoring Programme certifies that before being exported the Nugrow 123 and 456 powders, meet the health and safety requirements of New Zealand.

Signed;

A handwritten signature in blue ink, appearing to read "Brian Wagstaff".

Brian Wagstaff
